PROFILE 2017-2018

School and Community: Aquinas Academy is an independent, private school in the Catholic tradition for boys and girls in preschool through grade twelve. The Academy was founded in 1996 for the purpose of offering a rigorous classical curriculum covering all the major areas of the liberal arts in an intensive college preparatory program. The campus is located in a residential suburb of Pittsburgh, and is situated on 13 acres. In addition to a new 22,000 square foot high school with 11 classrooms, 2 science labs, and 3 rooms for the arts, the campus includes a lower school building, middle school building, gymnasium, chapel, and soccer field.

Enrollment: 361 total, 88 in the High School. The student body is largely Roman Catholic, but from economically diverse homes. Students commute to Aquinas Academy from 14 school districts.

Admission: Students are admitted to Aquinas Academy on the basis of their successful performance on an entrance examination. Given the nature of the curriculum, students are not usually admitted after the 10th grade; however exceptions are possible for those who demonstrate sufficient aptitude. The Academy welcomes qualified applicants of all religions, races, creeds, and national and ethnic origins.
