PHILOSOPHY

In accordance with the mission of Aquinas Academy, we aim to develop religious, academic, emotional, social, and physical aspects of the child with an awareness of their uniqueness. Our goal is to provide age-appropriate experiences that will allow children to develop independently and creatively to their optimum level. All activities will serve as a stepping stone for children to master the foundational skills they will need to excel throughout their proceeding school years.

CURRICULUM

Children will participate in a comprehensive education program which will advance progressively. Our 4 year old Pre-K class curriculum will develop skills in receptive and expressive language, pre-reading and writing skills, math, phonics, religion, science, art, music and other communication skills.

Our 3 year old program will promote the spiritual, emotional, intellectual, physical and social growth of young children. Religion, science, art, music and other communication skills will enhance our academic curriculum.

This program was designed specifically for the student who is not quite ready for Kindergarten, but who would enjoy and benefit from a five day program. The additional tuition for this program is \$1000.00. (Total cost for 4 year old Pre-K program and Pre-K Plus is \$2500.00)
